

# Singing Academy

First time in Wellington

## BE A CONFIDENT SINGER

With or without music

This practical & rehearsal based training through musical cords will encourage the beginners to sing without any fear. And will give

more confidence & basic strength to existing singers. Once the singer gets a full vocal control he/she can sing any genre of music song, pop, folk, film, opera and ghazal confidently and independently.

Melodious singing is a universal language regardless of age & ethnicity
